

Alessa Khalif: *TO DIANE WHO WAS NEVER BORN*

What happened Dad?
 Why you and mum so sad?
Is it my fault?
 But I'm not here yet.

Why don't you love each other anymore?
Why are you leaving me like this - unborn?
Why do you hand me to *Eternity*?
 Will *She* adopt me? Will I grow?

Please, mama, don't!
 Don't disappear in the door
I'm scared, daddy.
 Oh, please stay for little more.
I'm just a ghost, your fantasy,
 your passion and your plan.
I'm trying hard to understand,
why did you cancel my the only chance
 to breath, to love,
 to speak, to laugh,
 to kiss, to dance
 to feel, to sense..

I'm really scared here, mum...
 I think I'm sifting through your hands
 and fading quick between these lines.
Disintegrated dreams become
 no more than sand...

I'll miss you there, dad and mum,
I'll love you all until the end of time.
